

Views around Mt. Kenya and the lakes are spectacular, while the big-game in Maasai Mara is unforgettable. Explore the Rift Valley lakes, this area with field Birding are famous for their abundance of other waterfowl,

Day 01: Nairobi – Mt Kenya.

Today we leave in the morning and head Northward of "the city in the sky" towards Thika, past Blue Post Inn - unique with its twin waterfalls Chania and Thika Falls.

Continue eastwards until the slopes of Mt Kenya, Naro Moru where mountain forest gives way to valley grassland. Unique birds to this area include, Eastern double collared sunbird, Alpine swift, Black Chested snake eagle, Narina Trogon, Scaly throated honey guide, Mountain Wagtail, White headed wood hoopoe, African Black Duck, Grey Cuckoo shrike and Yellow-bellied waxbill.

Dinner and overnight stay at Naro Moru River Lodge / Serena Mountain Lodge.

Day 02: Mt. Kenya

Spend the whole day birding at this Mountain Lodge with montane forest. Rare species likely to be seen include; Green Ibis, Lesser Spotted Eagle, Harrier Hawk, Rufous Sparrow hawk, Ayre's Hawk Eagle. Black stork, Red Fronted Parrots, Green Ibis Common snipe, Mountain Buzzard, Bronze napped pigeon Mountain white-eye, Abbots Starling, Sharpe's Starling, Mountain Oriole and Thick-billed seedeater.

Dinner and Overnight stay will be at Naro Moru River Lodge / Serena Mountain Lodge.

Day 03: Mt. Kenya - Lake Baringo/ Lake Bogoria

We leave in the morning and head for Lake Bogoria with a stop at the Nyahururu Waterfalls, there are possibilities of sighting Chestnut-Winged Starlings, Slender billed starling, Rock Martin, Grey cuckoo shrike around the waterfalls. Proceed on by road into the Great Rift Valley and onto Lake Bogoria National Park.

The lake is the heart of an arid landscape, in the shadow of the dramatic walls of the Siracho Range. The soda waters of the lake attract massive flocks of Flamingo, and the lake is often carpeted with pink.

The 32 sq km lake is still volcanically active, and the Western shore is lined with spouting geysers, spurting steam and bubbling geothermal pools. Fresh water springs at the lake edge attract an abundance of birds and wildlife.

There are many Fish Eagles, which often prey on the local flamingos.

The shores are always lined with Gazelle, Zebra, Baboons and this is one of the best places to see Greater Kudu.

Dinner and Overnight will be at **Lake Bogoria Spa Resort**.

Day 04: Lake Baringo

Depart for Lake Baringo, well known by many avid Ornithologists as Mecca for Birds, with 500 species of birds having been recorded. Explore this area with field birding around Lake Baringo, its environs, the Cliffs and the bushes. There are possibilities to see rare species like, Cape Eagle Owl, White-faced Scops Owl, Jackson's Hornbill, Hemprich's Hornbill, Brown-Tailed Rock Chat, Northern Red Bishop, Northern Masked Weaver and White Billed Buffalo Weaver, Olivaceous Warbler, Northern brownbul, Jackson's golden backed weaver, Little weaver, Brown Tailed Rock Chat, Goliath heron, Northern Shoveller, Verreauxs eagle owl, Bristle crowned starling, Senegal Thicknee, Pygmy falcon, Blue checked bee-eater.

Dinner and Overnight will be at **Soi Lodge**.
